Vendor Question:

If the entire lot is to receive an overlay, the quantity for the 2" BP-2 item appears to be significantly under-estimated. This is the same for both locations.

CLARIFICATION:

The following language replaces the second and third sentences of the first paragraph of the SCOPE OF WORK, for both projects:

3" of compacted Bituminous base will be placed where designated per plans and as need for a leveling course. 2" of BP-2 overlay will be placed **over the 3" compacted Bituminous Base in the highlighted area of the site plan.**

Our mission is to provide a world-class transportation experience that delights our customers and promotes a prosperous Missouri.
