ORDER INFORMATION

Example of the proposed method of ordering is as follows: MoDOT will issue order forms naming the quantity, length, width, gauge, radius, and punching configuration of material to be delivered as outlined in the Delivery section. All signs will need to be hole punched per specific punching guides issued with each order form and will have specified radius generally following the Manual on Uniform Traffic Code Devices (MUTCD) guidelines.

Lengths And Widths:

All order forms issued to the Contractor will note the lengths and widths of the sign blanks being ordered. The following is an **EXAMPLE** of a typical order for Stop Blanks:

- 36" X 36" Stop Blanks
- Qty 3,500 blanks (generally a truck load)
- .100 GA (thickness)
- Stop Sign Octagon (Shape)

Number of Blanks/Skid:

MoDOT prefers that skids be kept to a maximum of approximately 100 blanks, with the exception of blanks that are 72" or longer. For these longer blanks, MoDOT prefers that skids be kept to a maximum of approximately 50 pieces.

MoDOT prefers ordering in truck load quantities based on weight to be delivered all at once to a single location as noted in the bid documents. There could be occasional exceptions for Less than Truckload (LTL) quantities.

SPECIFICATIONS

Any variation from the standard specifications published as part of this bid must be approved by the Missouri Highway and Transportation Commission, or its designated Engineer, prior to the issuance of any contract or order form by MoDOT. The bidder will need to include all information on the variance(s) proposed with his/her bid.

LIQUIDATED DAMAGES

In the event the successful Contractor fails to deliver the material within the time specified, the Department and the public will sustain damages because of such delay in delivery, the exact extent of which would be difficult to ascertain, and in order to liquidate such damage in advance it is agreed that the **sum of one-hundred dollars (\$100.00) per day, per item**, for each assessable calendar day on which the delivery has not been completed, is reasonable and the best estimate which the parties can arrive at as liquidated damages, and it is therefore agreed that said amount will be withheld from payments due the Contractor or otherwise collected from the Contractor as liquidated damages.

Saturdays, Sundays, holidays and days whereas the Department has suspended work shall not be assessable days.

CONTRACT TERM

The term of the contract shall be for a period beginning November 1, 2008 through October 31, 2009. **MoDOT-issued order forms may be issued and placed against the contract up to and including the end of business on the last day of the contract, for delivery no more than 45 calendar days after contract expiration.**

CONTRACT PRICE ESCALATION

In the event the contractor requests a price increase during the contract period (original contract period or contract renewal period), the contractor must provide a written request and documentation justifying the need for a price increase, and the amount of such price increase. MoDOT will review the contractor's written request and documentation, and decide if a price increase is to be granted at that particular time. The contractor shall understand and agree that MoDOT's decision shall be final and without recourse.

- a. No price increase shall be granted during the first 3 months of the original contract period, or if applicable, first 3 months of a contract renewal period.
- b. In the event a price increase is granted due to an approved escalation, the renewal percentage shall be based upon the current contract value.

CONTRACT AGREEMENT

The Agreement between The Missouri Highway and Transportation Commission (MHTC) and the successful Bidder shall consist of: the RFP and any written amendments thereto, the Standard Solicitation Provisions and General Terms and Conditions that are attached to and made part of this RFB, the bid submitted by the Bidder in response to the RFB and the post-award contract agreement signed between the parties.

Each bid/proposal shall be accompanied by a Bid Bond, Certified Check, Cashier's Check or Bank Money Order **payable to the Director of Revenue – Credit State Road Fund** for an amount equal to Five Percent (5%) of the amount of the BID submitted.

- a. This is to act as a guarantee that the bidder, if awarded the contract, will furnish an acceptable performance and payment bond (Contract Bond) or a cashier's check, a bank money order or a certified check made payable to "Director of Revenue--Credit State Road Fund" in an amount equal to One Hundred (100%) of the contract price.
- b. If a BID BOND is used (in lieu of a certified check, cashier's check, or bank money order), it must be in the form provided and executed by the bidder as principal and by a surety company authorized to do business in the MoDOT as surety. The agent executing the same on behalf of the surety company must attach a current Power of Attorney setting forth his authority to execute the bond involved.
- c. Certified Checks, Cashier's Checks or Bank Money Orders of unsuccessful bidders will be returned as soon as the award is fully executed. The checks or bank money orders of the successful bidder(s) will be retained until the contract is executed and a satisfactory Performance and Payment (Contract Bond) is furnished. Bid Bonds will not be returned except on specific request of the bidder.

CONTRACT BOND FOR PRICE INCREASES

In the event a price increase is granted due to an approved escalation, the contractor shall increase their 100% contract bond, as specified elsewhere herein, to reflect the current contract value.

INSURANCE REQUIREMENTS

The Contractor shall purchase and maintain such insurance in the amounts and limits as is referenced in the Missouri Highways and Transportation Commission Standard Bid/Proposal Provisions, General Terms and Conditions and Special Terms and Conditions, attached herein.

By submitting this document, completed as directed above, with a bid, the bidder certifies under penalty of making false declaration (Section 575.060, RsMO) that the information contained in this document is true, correct and complete, and may be relied upon by the State in determining the bidders qualifications under and in compliance with the Missouri Domestic Products Procurement Act.

The bidder's failure to complete and return this document with the bid as directed above will cause the State to presume the manufactured goods or products listed in the bid are not manufactured or produced in the United States, and the bid will be evaluated on that basis pursuant to Section 34.353.3(2), RsMO.

- a. The Contractor shall comply with the Regulations relative to nondiscrimination in federally-assisted programs of the Department of Transportation, Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.

- c. All payments for work performed by a subcontractor shall be made to the Contractor to whom the contract was awarded and the purchase order issued.

Invoicing and Payment

- b. If the MHTC cancels the contract for breach, the MHTC reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as the MHTC deems appropriate and charge the Contractor for any additional costs incurred thereby.
