Groundbreaking Planned for New Hurricane Deck Bridge in Camden County

CAMDEN COUNTY – Lake of the Ozarks area residents are invited to mark their calendars for a groundbreaking ceremony for the new Hurricane Deck Bridge on Route 5 in Camden County. State and local officials will gather at 10:00 a.m. on Friday, May 4 near the project site to break ground on the \$32.3 million project. Parking will be available at the Deepwater Inn, north of the bridge, with shuttle service from the parking area to the ceremony site.

The new bridge will be located on the east side of the existing structure, which is located south of Sunrise Beach. The new bridge will be wider to include two 12-foot driving lanes with seven-foot shoulders on each side. The existing bridge will remain open to traffic during construction of the new structure, which will be complete in late 2013. Some occasional lane closures on Route 5 and across the bridge should be expected.

American Bridge Company, Inc. of Overland Park, Kansas is the contractor on the project.

The ceremony will take place rain or shine at the north end of the existing bridge, along Route 5. If you are in need of special assistance, please contact MoDOT in advance at 1-888-ASK-MoDOT (275-6636).

For more information about this project or other transportation-related matters, please call 1-888-ASK-MoDOT (275-6636) or log onto www.modot.org/central.
