

800 BetterBridges

Cole County Community Briefing

Logan Creek Bridge, Route D

St. Paul's Lutheran Church, 8618 Church Hill Drive, Lohman, Mo.

February 21, 2012, 4:30 to 6 p.m.

Frequently Asked Questions

1. What is the Safe & Sound Bridge Improvement Program?

Safe & Sound will replace or rehabilitate 802 of MoDOT's most worn-out bridges in five years — by the end of 2013. Bridge improvements began in early 2009 and over 670 are already completed. MoDOT is completing 248 bridges using innovative contracting methods. The other 554 bridges are part of a \$487 million design/build contract with KTU Constructors. Bonds will be sold to pay for the bridge work, with annual payments of about \$50 million. MoDOT will use one-third of the federal bridge placement funds it receives annually to make payments.

2. How many bridges are included in the Safe & Sound program in central Missouri?

Ninety bridges in the central Missouri area are included in the program. Today's meeting will focus on the Logan Creek bridge on Route D in Cole County, located in Lohman.

3. What type of improvements are planned for this bridge and when will work take place?

The bridge on Route D will be completely replaced. To speed construction and save money, the bridge will close during construction and motorists will need to find an alternate route around the work area. The bridge is scheduled to close in June 2012 for approximately 35 days.

4. How do I get more information?

Contact us toll free at 1-888-ASK-MoDOT (275-6636) with questions and comments. Information about Safe & Sound and a complete listing of bridges included in the program can be found at www.modot.org/safeandsound.

Safe & Sound Bridges In Mid-Missouri

This map displays the mid-Missouri bridges included in the Safe & Sound program. For details, log onto www.modot.org/safeandsound.

Visit Us On The Web

Go to www.modot.org/safeandsound to learn more about the Safe & Sound program. An interactive map showing the status of bridge improvements is available online. You can also sign up for MoDOT's e-update system (www.modot.org) and receive project updates customized to your preference — by specific county or region of the state.

Signs of Improvement

Safe & Sound signs are posted on all bridges included in the program to notify the public of bridges scheduled for improvement. Prior to the start of construction, signs displaying a brief description of the work as well as the completion season and year will be installed. Check the web site or call MoDOT to get the latest projected start dates for each bridge.
