# BIKE KC

Integrating bicycles into the mix of transportation choices in Kansas City, Missouri is one of the goals of Bike KC.

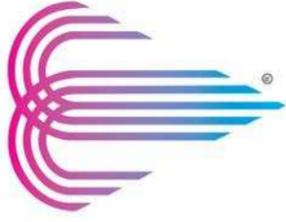

The core of this initiative is a phased network of 600 miles of on-street bicycle routes that primarily serve a transportation purpose.

This map provides riders a guide to the current bicycle routes throughout the City.

For more information about the Bike KC program, visit [www.kcmo.org/pubworks.nsf/web/kcbike1](http://www.kcmo.org/pubworks.nsf/web/kcbike1) at the City's Website.
