

FIX KEY BOTTLENECKS STRATEGY
 This strategy package includes everything in the No-Build package plus improving the key bottlenecks.

- Roadway Improvements**
- Rehabilitate and/or rebuild I-70 as six lanes from the loop to I-470
 - Ensure consistent number of lanes on I-70, I-29, I-35, and I-670 through the downtown loop
 - Rehabilitate obsolete and deficient bridges
 - Improve the Jackson and Benton Curves within existing right of way to the extent possible
 - Use collector distributor road system at key locations if needed

- Interchanges**
- Potential interchange consolidation on the north and east sides of the downtown loop
 - Rehabilitate and/or rebuild the I-70 and I-435 Interchange and provide six lanes on I-70 and six lanes on I-435 through the interchange
 - I-70 Interchange improvements at I-470, U.S. 40/Blue Ridge Boulevard, Paseo Boulevard, 22nd/23rd Street, Truman Road, and Manchester Trafficway

- Transit and Other**
- Expand I-70 community express bus service with bus on shoulder and park and ride facilities
 - Expand emergency management along I-70
 - Integrate regional SmartMoves transit plan developed by MARC including transit centers
 - Improve signal coordination on parallel routes through Operation Green Light
 - Community Bridges
