INTRODUCTION

The Elderly and Persons with Disabilities Program, Section 5310 of Title 49, United States Code provides capital assistance to meet the transportation needs of elderly and/or persons with disabilities where public transportation services are unavailable, insufficient or inappropriate.

The Missouri Department of Transportation (MoDOT) administers the program and has limited funds to purchase vehicles and/or accessibility equipment (lifts and restraints, no ramps).

Transportation agencies that receive vehicles may be part of a coordinated system open to all elderly and/or persons with disabilities. Ridership may be open to other members of the general public, once the immediate transportation needs as described in the grant recipient's application are satisfied.

ELIGIBLE RECIPIENTS

Nonprofit organizations providing transportation services to the elderly and/or persons with disabilities are eligible for funding. Public entities may also apply if they demonstrate there are no other providers capable of providing the proposed service or that they are best able to coordinate moneys and equipment within the proposed service area.

Nonprofit corporations must include a copy of their **Nonprofit Corporation Certification Number** issued by the Missouri Secretary of State and a copy of their **federal or state tax exempt letter** with their application.

Current, active agencies already having Section 5310 vehicles in service that have not returned Annual Certifications of Use and Vehicle Usage reports from the previous year are not eligible for funding consideration.

Title VI of the Civil Rights Act

All applicants are required to execute the standard Civil Rights Assurances that is referenced in the Section 5310 Application Guideline Booklet. The required Local Civil Rights Assurance is submitted to the department in the application and kept on file in the recipient's folder.

Recipients of Section 5310 assistance are monitored for civil rights compliance during onsite reviews. Civil rights complaints must be submitted in writing, with copies sent to the Section 5310 program manager. Complaints must be signed by the complainant and shall state the facts and circumstances surrounding the alleged discrimination. Complaints that are not resolved at the local level will be referred to MoDOT within 30 days. MoDOT will investigate the complaint and, with FTA's concurrence, may deny funding or repossess equipment from any grantee whose policies and actions are deemed to be in non-compliance. Any legal action filed against the grantee must be reported to MoDOT within 30 days.

Title VI of the Civil Rights Act of 1964 is a Federal law that protects individuals and groups from discrimination on the basis of their race, color, and national origin in programs and activities that receive Federal financial assistance. Reference to Title VI includes other civil right provisions of Federal statutes and related authorities to the extent they prohibit discrimination in programs and activities receiving Federal financial assistance.

Title VI compliance is defined as when the recipient has effectively implemented all of the Title VI requirements or can demonstrate that every good faith effort has been made toward achieving this end. MoDOT and all Section 5310 program recipients must meet these requirements.

All programs conducted by MoDOT and the Section 5310 program recipients must meet the requirements. Education, training, work opportunities, benefits, and provision of services are examples of programs that must meet the Title VI requirements, whether provided directly by the recipient or its agents, contractors, or other vendors.

Discrimination is defined as: an act (action or inaction) whether intentional or unintentional, through which a person or group, solely because of race, color, national origin, disability, sex, age or income status, has been otherwise subjected to unequal treatment or impact, under any program or activity receiving Federal financial assistance.

A complaint may be filed by any individual or group that believes they have been subjected to discrimination or retaliation based on their race, color, national origin, sex, age, disability or income status. The complaint may be filed by the affected party or a representative and must be in writing.

Section 5310 program recipients who feel they have been discriminated against by any MoDOT employee or its agent/contractor may contact MoDOT's External Civil Rights Office. A review will be made to determine if MoDOT has jurisdiction to investigate the issues raised. If MoDOT does not have jurisdiction, the complaint will be forwarded to the appropriate agency. If MoDOT does have jurisdiction, the allegations will be investigated and an attempt will be made to resolve the matter. If violations are found and negotiations to correct the violation are unsuccessful, enforcement proceedings may be initiated to attain compliance.

In addition, any individual or group who believes they have been discriminated against by an employee of a Section 5310 program recipient or its agent/contractor should first contact the Section 5310 recipient in writing. MoDOT should also be notified of the complaint within 5 working days.

MoDOT and the Section 5310 program recipients are prohibited from retaliating against any person because they reported an unlawful policy or practice, or made charges, testified, or participated in any complaint action under Title VI. If an individual or group believes they have been retaliated against, they should immediately contact MoDOT's External Civil Rights Office to report their allegation. Filing a complaint with MoDOT does not prevent an individual or group from seeking remedy through other resources.

Complaints should be addressed to:

FINANCIAL INFORMATION

Local Match - Local match must be in cash from non-federal sources: local fund raising, local, county or state revenues (federal moneys are exempt as match). A letter of confirmation from your funding sources must be included as Appendix F of your application. This program normally pays 80% of the total cost of the approved equipment, and the applying agency is required to provide 20% local matching funds.

Operating Funds - Written confirmation is required (Appendix G) stating that the applying agency will have the necessary operating monies to perform the proposed service. These operating monies may come from federal, state, county or local sources.

DISTRIBUTION OF FUNDS

To ensure all areas of the state have access to the program, funds are initially reserved for the seven urbanized areas and the balance of the state based on population from the most recent census. If an urbanized area does not utilize its reserved amount, it will be redistributed throughout the state, with no carry over to the next funding cycle.

APPLICATION EVALUATIONS

Urbanized areas (population 50,000+)

There are seven urbanized areas in Missouri served by Metropolitan Planning Organizations (MPO's). These are Columbia, Jefferson City, Joplin, Kansas City, Springfield, St. Joseph and St. Louis. Each area MPO has an evaluation system approved by MoDOT for making funding recommendations. Applicants should contact their respective MPO for specific instructions and deadlines. The MPO will submit their list to MoDOT on who should receive funding within their area. **The percentage of funding received by a particular MPO is based on the 2000 Census population figures. Final funding decisions rest with MoDOT.**

For non-urbanized areas, the **original** application (with **original** signatures) must be sent to the Missouri Department of Transportation, **postmarked no later than July 1, 2012.**

REVIEWS

Applicant organizations that provide or intend to provide service to the elderly should notify, in writing, the Area Agency on Aging office in the proposed service area. Likewise, agencies

providing service to the MR/DD should notify their Regional Council on Developmental Disabilities, the local SB40 Development Disabilities Resource Board, and the local Seniors HB351 Board. If your organization provides service to all of these clients, each agency should be notified. Copies of these letters and the replies must accompany your application.

Projects ***will be required*** to be included in a local coordinated human services transportation plan. Your local Regional Planning Commission (RPC) does these plans. For those organizations that are within one or more RPCs, it is to your advantage to be included in all of the locally coordinated plans.

FINANCIAL HISTORY

Each applicant organization must submit proof of audit for the three most recent fiscal years. This proof should be in the form of a **review letter** from the auditor or CPA, **not a complete audit**. This requirement may be waived by the transit staff for previous grantees. Applications from organizations without a financial history will not be accepted unless financial capability can be demonstrated.

COORDINATION

A public notice allowing 30 days for response must be printed in local newspapers of the proposed service area and a Publisher's Affidavit submitted to MoDOT. Samples are included in the appendix.

Should there be a negative response from an existing operator, the applicant organization should refer to the **Procedures for Responding to Negative Comments from Existing Operators** found in the appendix.

A protest by a non-profit operator against another does not carry veto power for the proposed project, but will be used by the transit staff for informational purposes in evaluating the application.

VEHICLE REPLACEMENT CRITERIA

Records are maintained indicating vehicles that have been replaced in previous grant cycles. Asking for replacement of a "replaced vehicle" will **void the complete application**.

Vehicles throughout the state will be eligible to be considered for replacement when the following minimum mileage or service life standards are met:

Vans (straight & modified)	100,000/or 4 years in revenue service
Mini-buses (van chassis)	100,000/or 4 years in revenue service
Medium Duty Buses	150,000/or 7 years in revenue service

Each vehicle to be replaced may be inspected by the MoDOT staff.

These minimum standards must be met at the time of application. On a case-by-case basis MoDOT staff may approve a vehicle for replacement that has a history of excessive repair costs (not caused from neglect or lack of scheduled service). This requires prior written confirmation from MoDOT and a copy of the letter must accompany the application packet. There will be no approvals after the application has been received.

EQUIPMENT PURCHASE AND DELIVERY

Specifications for equipment will be written by the MoDOT transit staff, with input from the recipient organization. Purchasing will be done through a competitive bid process administered by MoDOT. You will be asked to submit your local matching funds when deemed necessary by MoDOT. **No vehicles will be delivered prior to receipt of the local match check.** The local match check should be payable to **Missouri Department of Transportation.**

Agencies not forwarding local match checks when requested by MoDOT **will be dropped from future consideration** for vehicles/equipment and funding, and the vehicle(s) will be awarded to another qualified applicant(s).

MoDOT will inspect the vehicle(s) before delivery to your agency. MoDOT will be invoiced for payment of the vehicle(s) and will make payment after they have been inspected and accepted by your agency and MoDOT. Once your vehicle has been delivered, it is your responsibility to relay any problems you find in your inspection of the vehicle(s) to MoDOT immediately. Please be sure to complete and mail in all needed information to the manufacturer, especially the warranty card.

MoDOT will be first lien holder on all titles, and as such, all titles will be held at MoDOT's Transit Section office until a request for disposal has been submitted.

The Federal Transit Administration through MoDOT owns 80% of the vehicle throughout the useful life of the vehicle. **Only MoDOT may determine when the useful life has expired.** You must be given **written approval for vehicle disposal.**

The applicant organization is responsible for maintaining the vehicle according to the vehicle manufacturer's specified service schedule, and is required to have a preventative maintenance schedule in place. The organization will be financially responsible for any loss of vehicle useful life due to lack of maintenance or misuse. In the case of a vehicle that is leased by the applicant organization to a transit service provider, the lessee will be held responsible in that lease agreement for abiding to any and all laws, rules and regulations that the lessor has agreed to in the signed contracts and agreements with the Missouri Department of Transportation. All lease agreements between the applicant organization and the contracted transit provider must be reviewed by the Missouri Department of Transportation, Transit Section.

SAMPLE PUBLIC NOTICE

TO: Public and Private Transportation Providers

The Senior Citizens of Newcomb, Inc., 503 Greene, Newcomb, MO 65302, provides notice that it intends to apply to the Missouri Department of Transportation for a federal equipment grant to serve the transportation needs of the elderly and/or persons with disabilities in Quinton County, including Newcomb. The Senior Citizens of Newcomb, Inc. does not discriminate on the basis of race, color, creed, national origin, sex or age in employment or the provision of services. Persons wishing to comment on this proposed service are requested to do so within 30 days by writing our agency and the Missouri Department of Transportation, P.O. Box 270, Jefferson City, MO 65102.

RESPONDING TO NEGATIVE COMMENTS FROM EXISTING OPERATORS

If negative comments are received by public or private transit or paratransit operators on projects requesting funding under Section 5310 program, the applicant must meet with the complainant to determine how their differences may be resolved and how their services may be coordinated and/or consolidated. Means by which this coordination or consolidation of service may take place are:

1. A contract-for-service or fare-subsidy arrangement between the applicant and the existing operator; or
2. A memorandum of understanding or other agreement between the parties stating how the specialized transportation service market will be divided and how their services will be coordinated.

It is the applicant's responsibility to give existing operators an opportunity to provide the needed service.

In case that no agreement can be reached, the applicant must document his efforts to coordinate with the complainant. The applicant must provide documentation to the Missouri Department of Transportation that the service provided or offered to be provided by the complainant is insufficient or inappropriate in terms of type of service, quantity or quality of service, or cost of service. The complainant will then be given an opportunity to respond to the argument presented by the applicant.

The final decision will be made by the Missouri Department of Transportation whether the proposed 5310 project or part of the proposed project will be considered for funding. The state's decision will be based on:

1. The degree to which the service provided or offered to be provided by the complainant is insufficient or inappropriate to meet the existing need;
2. The degree to which a good-faith effort was made to involve the complainant to the maximum extent feasible in the planning and provision of service.

TERMINATION
49 U.S.C. Part 18 FTA Circular 4220.1F

a. Termination for Convenience (General Provision) The Missouri Department of Transportation (MoDOT) may terminate this contract, in whole or in part, at any time by written notice to the Applicant when it is in the Government's best interest. The Applicant shall be paid its costs, including contract closeout costs, and profit on work performed up to the time of termination. The Applicant shall promptly submit its termination claim to MoDOT for payment. If the Applicant has any property in its possession belonging to MoDOT, the Applicant will account for the same, and dispose of it in the manner MoDOT directs.

b. Termination for Default [Breach or Cause] (General Provision) If the Applicant does not deliver supplies in accordance with the contract delivery schedule, or, if the contract is for services, the Applicant fails to perform in the manner called for in the contract, or if the Applicant fails to comply with any other provisions of the contract, MoDOT may terminate this contract for default. Termination shall be effected by serving a notice of termination on the Applicant setting forth the manner in which the Applicant is in default. The Applicant will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract.

If it is later determined by MoDOT that the Applicant had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Applicant, MoDOT, after setting up a new delivery of performance schedule, may allow the Applicant to continue work, or treat the termination as a termination for convenience.

c. Opportunity to Cure (General Provision) MoDOT in its sole discretion may, in the case of a termination for breach or default, allow the Applicant [thirty (30) to sixty (60) days, depending on severity] in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions

If Applicant fails to remedy to MoDOT's satisfaction the breach or default or any of the terms, covenants, or conditions of this Contract within [ten (10) days] after receipt by Applicant or written notice from MoDOT setting forth the nature of said breach or default, MoDOT shall have the right to terminate the Contract without any further obligation to Applicant. Any such termination for default shall not in any way operate to preclude MoDOT from also pursuing all available remedies against Applicant and its sureties for said breach or default.

d. Waiver of Remedies for any Breach In the event that MoDOT elects to waive its remedies for any breach by Applicant of any covenant, term or condition of this Contract, such waiver by MoDOT shall not limit MoDOT's remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.

1. By signing and submitting this application, the prospective lower tier participant is providing the signed certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, (Recipient) may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to (Recipient) if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "persons," "lower tier covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549 [49 CFR Part 29].
